

Stay WARM and RELAXED all year by protecting yourself from volatile energy markets and unpredictable New England winters with Spicer Advanced Gas Worry-Free Payment Plans.

As we are all aware, the energy markets like the weather in winter are at best unpredictable. Consider these highly successful payment programs that were developed to help our customers manage the challenges of home heating, while easing the demand on their wallets.

## HOW DO YOU GET STARTED?

- ▶ **How many gallons do you want to protect or budget for?** We have your exact usage from May 1, 2017 to April 30, 2018. Let's talk it over and decide how many gallons are right for you.
- ▶ **Choose which plan works for you...** Pre-Buy Fixed Rates or Monthly Level Pay Plan
- ▶ **Decide whether you would like to be a member of our Price Cap Club.** (Pre-buy participants only)
- ▶ **Contact us at 860-859-9070 to secure the best program and rate for you.**

Our sales and service personnel look forward to answering any questions you may have. These are optional programs offered to our valued customers. We appreciate your business and look forward to providing continued exceptional service.

### Celebrating One Century of Service...

In 1915, two brothers began the Spicer journey by delivering ice and firewood. They built a company on honesty, integrity and customer dedication. During the past 100+ years we've stayed committed to these values, while keeping you warm and saving you money.

Today, we distribute propane gas and heating oil to Connecticut and Rhode Island, and hearth products from a propane store located in Salem. Through the years, we've witnessed a significant amount of change in our industry. One thing hasn't changed though: our loyal customers, whom we've had the pleasure of serving.

Thank you for your support. We look forward to serving you for the next 100 years!

### REMOTE TANK MONITORING SERVICE

**Ease your mind with a remote monitor.** A fifteen minute installation will deliver convenience and peace of mind all year long. Once installed, these small, battery operated monitors track your propane usage, communicating with our office and notifying our team of any changes or increases in your propane consumption. When low, we'll schedule a delivery, no phone call necessary! Recommended for those who travel during the winter months.

Call our office for more details: 860.859.9070

## 3 WORRY-FREE PRICE PROTECTION PLANS

### Terms and Conditions

The plans offered in this agreement cover deliveries beginning July 1, 2018 or the date which we receive and accept your signed agreement, and will not apply retroactively to any earlier deliveries. The Pre-Buy Plan requires you to be on automatic delivery.

Specific price offers will be quoted on a day-to-day basis and may be revoked at any time prior to our receipt and acceptance of your signed contract.

Other conditions may apply. Please speak with a Spicer representative.

### Spicer Advanced PRE-BUY PLAN

Protect yourself from winter price increases with our Pre-Buy program that ensures you a stable, affordable price for the upcoming heating season. We will determine your expected usage for the 2018–2019 heating season and purchase winter contracts to guarantee these gallons will be available at the determined pre-buy price.

You'll make one payment at the beginning of the program for the gallons you wish to protect thru April 30, 2019 and tune out the worries of energy price increases during the always unpredictable New England winter.

### Spicer Advanced PRICE CAP CLUB

Further protect yourself from energy price moves by joining our Price Cap Club. Membership in the club allows you to benefit from your pre-bought, fixed price in a rising market, as well as a downside benefit in a falling market. As a pre-buy member, for an additional \$275.00, you will receive the lesser of the fixed price or time-of-delivery market rate. Here's how it works: upon enrollment, a snap-shot is taken of the weekly wholesale cost of propane and then compared to the cost of propane at time of delivery. If the cost at time of delivery is less, you will receive a lower price by the difference of the two.

### Spicer Advanced LEVEL PAY PLAN

We know the challenges of high winter energy costs all too well, and therefore developed a level pay plan that spreads these winter costs over a 10-month period beginning July, 2018. We will determine your expected usage for the upcoming 2018–2019 heating season and calculate your payments by the market rate. You'll make 10 monthly payments due the 20th of each month and take the sting out of winter cash requirements. The final payment is due April, 2019. This program does not fix the price per gallon. You will be charged the time-of-delivery market rate.

## It's probably been a while... since your Gas Appliances got some LOVE!

Did you know it's recommended by manufacturers to service your heating system and fireplace every year? This will increase efficiency, prevent soot build-up and clogging, and ensure proper functionality and warranty requirements.

### 20% OFF

a fireplace or heating system cleaning on or before August 31, 2018.
